

Lo-OmniRoll[®]

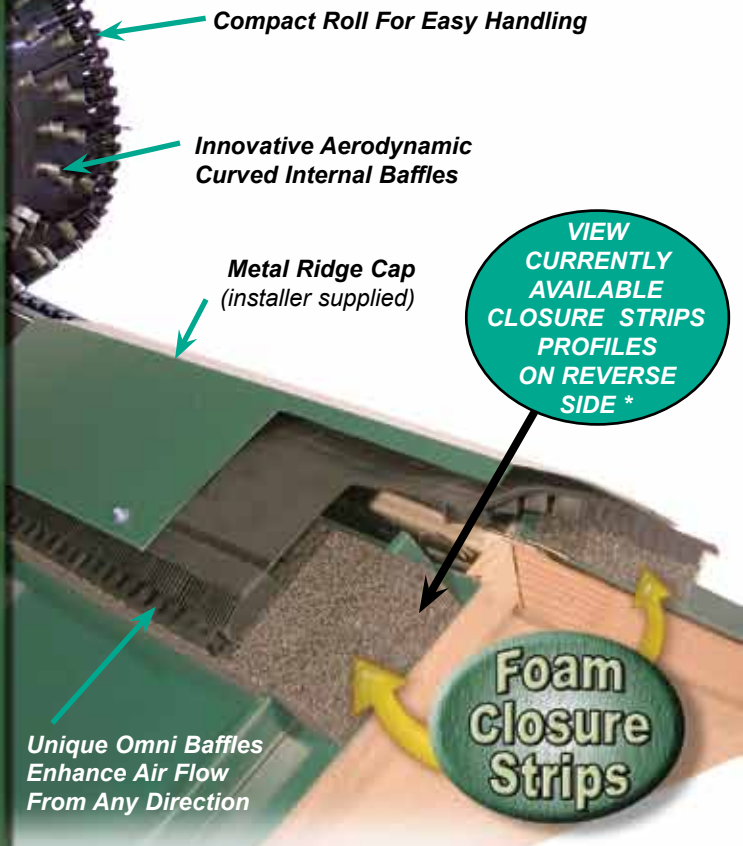

CUSTOM FOAM CLOSURE STRIPS PROVIDED

ROLLABLE METAL ROOF RIDGE VENT

Features:

- Uses same tested and proven Lomanco[®] Lo-OmniRoll[®] 30' ridge vent.
- Closure strip available to fit different profiles - See reverse side for current profiles available.
- No mesh or internal filter to restrict flow.
- Closure strips come in easy to manage lengths.
- Supported screw holes ensure the ridge vent will not be crushed down.
- Ridge vent installs directly on top of the custom designed closure strip.
- Rigid foam closure strip ensures minimal compression.
- Easy install. Insert screws directly through ridge vent through closure strip into the decking.
- Molded centerline for fast and easy alignment and installation.
- Superior weather protection and performance without the restriction of filters or mesh.
- Exterior baffle promotes greater flow than ridge vents with no baffle.
- 30 year transferable warranty.
